

For a Better Outdoor Life

EXTERNAL WALL CLADDING

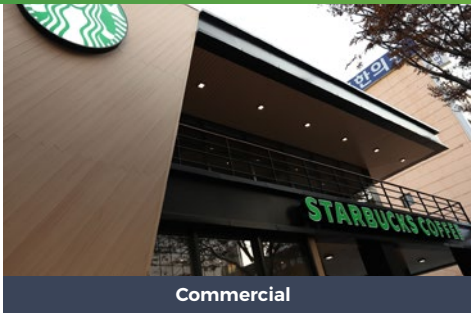

NewTechWood® external wall cladding is the ultimate solution for both residential and commercial exterior wall applications. Ideal as an architectural feature to your building the fully capped wood composite's high stain & UV resistance make it durable, long lasting and maintenance free.

The Ultrashield Difference

NewTechWood is a 360° fully capped wood plastic composite. The unique Ultrashield technology shields all four sides for ultra protection against moisture and guarantees durability.

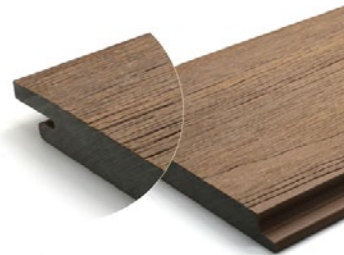

Commercial

Residential
